(This Page Intentionally Left Blank.)

PORT STREET QUALITY GROWTH FUND

Dear Shareholders,

Thank you for the opportunity to report on the Fund's strategy, performance, and outlook.

Quality Growth Fund Performance

We celebrated 10 years of the Fund on March 31, 2024. While we underperformed the benchmark over the period, we knew that would be a likely certainty as we never deviated from our use of traditional long-term discount rates to value the stocks we want to own.

Despite 10 years of free money and unprecedented Federal Reserve market manipulation, we still managed to meet our goal of delivering high single digit returns compared to a relatively low level of volatility of the S&P 500. The Fund annualized at 6.95% (net of fees) as of March 31, 2024, for our first ten years. For the twelve months ending March 31, 2024, the Port Street Quality Growth Fund returned 11.50%, while the S&P 500[®] returned 29.88%. For the five years ended March 31, 2024, the Fund returned 7.21%, while the S&P 500[®] returned 15.05%.

Performance data quoted represents past performance; past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the fund may be lower or higher than the performance quoted. Performance data current to the most recent month-end may be obtained by calling 855-369-6220. The gross expense ratio as of the most recent prospectus dated July 29, 2023 is 1.15% and the net expense ratio is 0.97%. The Adviser has contractually agreed to waive its fees through July 29, 2024.

The Fund's significant cash position (35%) and lack of exposure to A.I. stocks led to performance lag relative to our benchmark during the last twelve months.

Quality Growth Fund Strategy

Quality Growth's investment approach focuses on companies that can be purchased at market prices below their fair value with a record of consistent, above-average profit growth, strong balance sheets, sustainable competitive advantages, and capable management. The source of such growth is persistently above-average profitability, which, when combined with a sensible policy relating to the payout of such profits and intelligent re-investment, results in the compounding of retained earnings and long-term growth. Quality Growth's investment strategy is designed to grow purchasing power in excess of inflation and outperform the general market over time while mitigating losses during periods of economic adversity.

Outlook

As we continue to see new all-time highs in equity markets, we believe it is important to remember an increased money supply (a.k.a. liquidity) is still fueling stock prices. Furthermore, equity markets are currently enjoying another "Goldilocks" moment. While all seems well to most, we have our doubts. As wages continue to increase in this very tight job market, inflation will be higher for longer. Higher inflation will keep the Federal Reserve Overnight Funds Rate high, which will most likely lead to a repricing of real assets, put pressure on bank balance sheets and ultimately lead to less lending on the part of banks and finally lead to a real recession.

A maxim that we think of regularly is very applicable today: Markets have a way of ignoring problems, until they don't.

PORT STREET QUALITY GROWTH FUND

We remain steadfast in the way we value stocks and will continue to use metrics to make buy and sell decisions on your behalf that are in line with historical norms. In our many years of investing, we have found that peace of mind feels far more comfortable than anxiety.

Thank you for your trust and confidence in our stewardship.

Graham Pierce
CEO

Mac McCall
Senior Director

Performance data quoted represents past performance; past performance does not guarantee future results.

Opinions expressed are those of the Investment Manager, and are subject to change, are not guaranteed and should not be considered investment advice.

Must be preceded or accompanied by a prospectus.

The S&P 500[®] Index is a stock market index based on the market capitalizations of 500 large companies having common stock listed on the NYSE or NASDAQ. It is not possible to directly invest in an index.

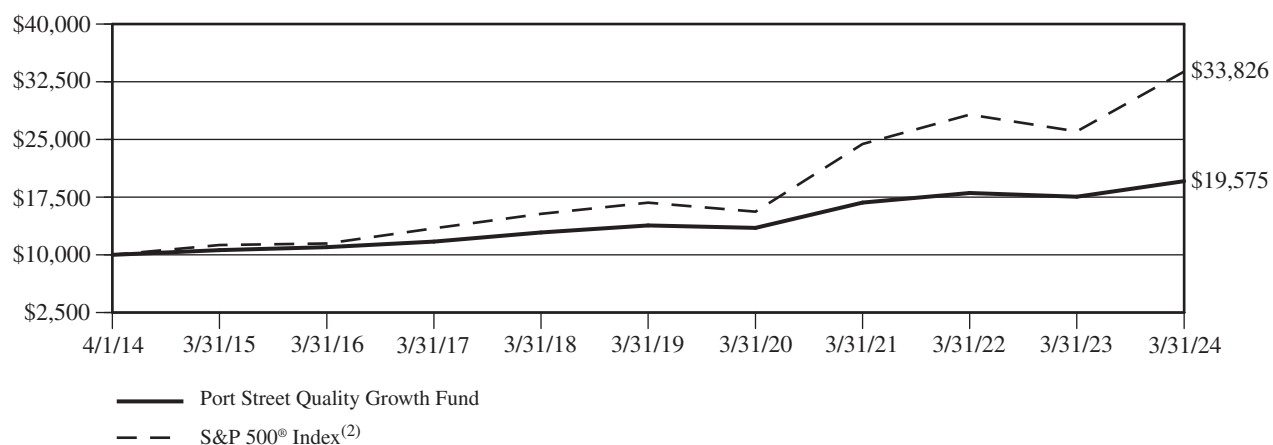

Fund holdings and sector allocations are subject to change and should not be considered a recommendation to buy or sell any security. For a complete list of Fund holdings, please refer to the Schedule of Investments in this report.

Mutual fund investing involves risk. Principal loss is possible. Investments in small-and mid-capitalization companies involve additional risks such as limited liquidity and greater volatility than large capitalization companies. Investments in foreign securities involve greater volatility; political, economic and currency risks; and differences in accounting methods. The Fund may have a relatively high concentration of assets in a single or smaller number of securities which can result in reduced diversification and greater volatility. A substantial cash/cash equivalent position can adversely impact Fund performance. In rising markets, holding cash or cash equivalents will negatively affect the Fund's performance relative to its benchmark.

The Port Street Quality Growth Fund is distributed by Quasar Distributors, LLC.

PORT STREET QUALITY GROWTH FUND

VALUE OF \$10,000 INVESTMENT (UNAUDITED)

The chart assumes an initial investment of \$10,000. Performance reflects waivers of fee and operating expenses in effect. In the absence of such waivers, total return would be reduced. Past performance is not predictive of future performance. Investment return and principal value will fluctuate, so that your shares, when redeemed may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. Performance data current to the most recent month-end may be obtained by calling 855-369-6220. Performance assumes the reinvestment of capital gains and income distributions. The performance does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

ANNUALIZED RATES OF RETURN (%) — AS OF MARCH 31, 2024

	<u>1 Year</u>	<u>3 Year</u>	<u>5 Year</u>	<u>10 Year</u>	<u>Since Inception⁽¹⁾</u>
Port Street Quality Growth Fund	11.50%	5.25%	7.21%	6.95%	6.95%
S&P 500® Index ⁽²⁾	29.88%	11.49%	15.05%	12.96%	12.96%

⁽¹⁾ The Fund commenced operations on April 1, 2014.

⁽²⁾ The S&P 500® Index is a stock market index based on the market capitalization of 500 large companies having common stock listed on the NYSE or NASDAQ. It is not possible to invest directly in an Index.

The following is expense information for the Fund as disclosed in the most recent prospectus dated July 29, 2023: Gross Expenses: 1.15%, Net Expenses: 0.97%.

Port Street Investments, LLC (the “Adviser”) has contractually agreed to reduce its management fees, and pay Fund expenses in order to ensure that Total Annual Fund Operating Expenses (excluding any acquired fund fees and expenses, leverage/borrowing interest, interest expense, dividends paid on short sales, taxes, brokerage commissions and other transactional expenses, and extraordinary expenses) do not exceed 0.97% of the Fund’s average daily net assets (the “Expense Cap”). After July 29, 2024, the Expense Cap for the Fund will be 1.15%, unless renewed by the Adviser for another year. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in place at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term, but cannot be terminated through July 29, 2024. Thereafter, the agreement may be terminated at any time upon 60 days’ written noticed by the Trust’s Board of Trustees (the “Board”) or the Adviser, with the consent of the Board.

PORT STREET QUALITY GROWTH FUND

EXPENSE EXAMPLE (UNAUDITED) MARCH 31, 2024

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of Fund shares, and (2) ongoing costs, including management fees, shareholder servicing fees, and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (October 1, 2023 – March 31, 2024).

ACTUAL EXPENSES

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs. Therefore, the second line of the table is useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. In addition, if transactional costs were included, your costs may have been higher.

	Beginning Account Value (10/1/2023)	Ending Account Value (3/31/2024)	Expenses Paid During Period⁽¹⁾ (10/1/2023 to 3/31/2024)
Institutional Class Actual ⁽²⁾	\$1,000.00	\$1,107.30	\$5.11
Institutional Class Hypothetical (5% return before expenses)	\$1,000.00	\$1,020.15	\$4.90

⁽¹⁾ Expenses are equal to the Fund’s annualized expense ratio for the most recent six-month period of 0.97% multiplied by the average account value over the period, multiplied by 183/366 to reflect the one-half year period.

⁽²⁾ Based on the actual return for the six-month period ended March 31, 2024 of 10.73%.

PORT STREET QUALITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

1. ORGANIZATION

Managed Portfolio Series (the “Trust”) was organized as a Delaware statutory trust on January 27, 2011. The Trust is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. The Port Street Quality Growth Fund (the “Fund”) is a diversified series with its own investment objectives and policies within the Trust. The investment objective of the Fund is total return. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, *Financial Services – Investment Companies*. The Fund commenced operations on April 1, 2014. The Fund currently offers an Institutional Class. Institutional Class shares are subject to a maximum 0.10% shareholder servicing fee. The Fund may issue an unlimited number of shares of beneficial interest, with no par value.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America (“GAAP”).

Security Valuation – All investments in securities are recorded at their estimated fair value, as described in Note 3.

Federal Income Taxes – The Fund complies with the requirements of Subchapter M of the Internal Revenue Code of 1986, as amended, necessary to qualify as a regulated investment company and distributes substantially all net taxable investment income and net realized gains to shareholders in a manner which results in no tax cost to the Fund. Therefore, no federal income or excise tax provision is required. As of and during the period ended March 31, 2024, the Fund did not have any tax positions that did not meet the “more-likely-than-not” threshold of being sustained by the applicable tax authority. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations. As of and during the period ended March 31, 2024, the Fund did not incur any interest or penalties. The Fund is not subject to examination by U.S. tax authorities for the tax years prior to the fiscal year ended March 31, 2021.

Security Transactions, Income and Distributions — The Fund follows industry practice and records security transactions on the trade date. Realized gains and losses on sales of securities are calculated on the basis of identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Fund’s understanding of the applicable country’s tax rules and regulations. Discounts and premiums on securities purchased are amortized over the expected life of the respective securities using the constant yield method.

The Fund distributes substantially all net investment income, if any, and net realized capital gains, if any, annually. Distributions to shareholders are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from their treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, GAAP requires that they be reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset value (“NAV”) per share of the Fund. For the year ended March 31, 2024, the Fund increased paid-in capital by \$91,895 and decreased distributable earnings by \$91,895. The reclassification was due to the Fund’s utilization of earnings and profits distributed to shareholders as part of the dividends paid deduction.

PORT STREET QUALITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED MARCH 31, 2024

Expenses – Expenses associated with a specific fund in the Trust are charged to that fund. Common Trust expenses are typically allocated evenly between funds of the Trust, or by other equitable means.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. SECURITIES VALUATION

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion in changes in valuation techniques and related inputs during the period and expanded disclosure of valuation Levels for major security types. These inputs are summarized in the three broad Levels listed below:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Following is a description of the valuation techniques applied to the Fund’s major categories of assets and liabilities measured at fair value on a recurring basis. The Fund’s investments are carried at fair value.

Short-Term Investments – Investments in other mutual funds, including money market funds, are valued at their NAV per share and are categorized in Level 1 of the fair value hierarchy. U.S. government securities are normally valued using a model that incorporates market observable data such as reported sales of similar securities, broker quotes, yields, bids, offers, and reference data. These securities are valued principally using dealer quotations. U.S. government securities are categorized in Level 2 of the fair value hierarchy depending on the inputs used and market activity levels for specific securities.

Equity Securities – Equity securities that are primarily traded on a national securities exchange are valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and ask prices. Securities traded primarily in the Nasdaq Global Market System for which market quotations are readily available are valued using the Nasdaq Official Closing Price (“NOCP”). If the NOCP is not available, such securities are valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and ask prices. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. If the market for a particular security is not active, and the mean between bid and ask prices, or last trade is used, these securities are categorized in Level 2 of the fair value hierarchy.

PORT STREET QUALITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED MARCH 31, 2024

The Board of Trustees (the “Board”) has adopted a pricing and valuation policy for use by the Fund and its Valuation Designee (as defined below) in calculating the Fund’s NAV. Pursuant to Rule 2a-5 under the 1940 Act, the Fund has designated Port Street Investments, LLC (the “Adviser”) as its Valuation Designee to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5. The Valuation Designee is authorized to make all necessary determinations of the fair values of portfolio securities and other assets for which market quotations are not readily available or if it is deemed that the prices obtained from brokers and dealers or independent pricing services are unreliable.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used to value the Fund’s securities as of March 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common Stocks	\$149,897,192	\$ —	\$ —	\$149,897,192
Short-Term Investments	—	54,461,622	—	54,461,622
Total Investments in Securities	<u>\$149,897,192</u>	<u>\$54,461,622</u>	<u>\$ —</u>	<u>\$204,358,814</u>

Refer to the Schedule of Investments for further information on the classification of investments.

4. INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Trust has an agreement with the Adviser to furnish investment advisory services to the Fund. Pursuant to an Investment Advisory Agreement between the Trust and the Adviser, the Adviser is entitled to receive, on a monthly basis, an annual advisory fee equal to 0.85% on the first \$100 million of the Fund’s average daily net assets, 0.80% on the next \$150 million of the Fund’s average daily net assets, 0.75% on the next \$500 million of the Fund’s average daily net assets, and 0.70% on the Fund’s average daily net assets over \$750 million.

The Adviser has engaged Saratoga Research & Investment Management (the “Sub-Adviser”) as the Sub-Adviser to the Fund. Subject to the supervision of the Adviser, the Sub-Adviser is primarily responsible for the day-to-day management of the Fund’s portfolio, including purchase, retention and sale of securities. Fees associated with these services are paid to the Sub-Adviser by the Adviser.

The Adviser has contractually agreed to waive its management fees, and pay Fund expenses, in order to ensure that total annual operating expenses (excluding acquired fund fees and expenses, leverage/borrowing interest, interest expense, taxes, dividends paid on short sales, brokerage commissions and extraordinary expenses) for the Fund do not exceed 0.97% of the Fund’s average daily net assets (the “Expense Cap”). After July 29, 2024, the Expense Cap for the Fund will be 1.15%, unless renewed by the Adviser for another year. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of thirty-six months following the date on which such fee waiver and expense payment was made, if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in effect at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated within a year of the effective date of the Fund’s prospectus. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Trust’s Board or the Adviser, with the consent of the board. Waived fees and reimbursed expenses subject to potential recovery by year of expiration are as follows:

<u>Expiration</u>	<u>Amount</u>
April 2024 – March 2025	\$237,217
April 2025 – March 2026	\$236,879
April 2026 – March 2027	\$258,258

PORT STREET QUALITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED MARCH 31, 2024

U.S. Bancorp Fund Services, LLC (the “Administrator”), doing business as U.S. Bank Global Fund Services, acts as the Fund’s Administrator, Transfer Agent, and Fund Accountant. U.S. Bank N.A. (the “Custodian”) serves as the custodian to the Fund. The Custodian is an affiliate of the Administrator. The Administrator performs various administrative and accounting services for the Fund. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund; prepares reports and materials to be supplied to the Trustees; monitors the activities of the Custodian; coordinates the payment of the Fund’s expenses and reviews the Fund’s expense accruals. The officers of the Trust, including the Chief Compliance Officer, are employees of the Administrator. As compensation for its services, the Administrator is entitled to a monthly fee at an annual rate based upon the average daily net assets of the Fund, subject to annual minimums. Fees incurred by the Fund for administration and accounting, transfer agency, custody and chief compliance officer services for the period ended March 31, 2024, are disclosed in the Statement of Operations.

5. SHAREHOLDER SERVICING FEES

The Fund has entered into a shareholder servicing agreement (the “Agreement”) where the Adviser acts as the shareholder agent, under which the Fund may pay a servicing fee at a maximum annual rate of 0.10% of the average daily net assets of the Institutional Class. Payments to the Adviser under the Agreement may reimburse the Adviser for payments it makes to selected brokers, dealers and administrators which have entered into service agreements with the Adviser for services provided to shareholders of the Fund. Payments may also be made directly to the intermediaries providing shareholder services. The services provided by such intermediaries are primarily designed to assist shareholders of the Fund and include the furnishing of office space and equipment, telephone facilities, personnel and assistance to the Fund in servicing such shareholders. Services provided by such intermediaries also include the provision of support services to the Fund and includes establishing and maintaining shareholders’ accounts and record processing, purchase and redemption transactions, answering routine client inquiries regarding the Fund, and providing such other personal services to shareholders as the Fund may reasonably request. For the year ended March 31, 2024, the Fund incurred \$131,981 in shareholder servicing fees under the Agreement.

6. CAPITAL SHARE TRANSACTIONS

Transactions in shares of the Fund were as follows:

	Year Ended March 31, 2024	Year Ended March 31, 2023
Shares sold	2,525,083	2,299,783
Shares issued to holders in reinvestment of dividends	378,755	232,877
Shares redeemed	<u>(2,437,926)</u>	<u>(2,283,656)</u>
Net increase in shares outstanding	<u>465,912</u>	<u>249,004</u>

7. INVESTMENT TRANSACTIONS

The aggregate purchases and sales, excluding short-term investments, by the Fund for the period ended March 31, 2024, were as follows:

	Purchases	Sales
U.S. Government Securities	\$ —	\$ —
Other Securities	\$20,208,910	\$26,496,048

PORT STREET QUALITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED MARCH 31, 2024

8. FEDERAL TAX INFORMATION

The aggregate gross unrealized appreciation and depreciation of securities held by the Fund and the total cost of securities for federal income tax purposes at March 31, 2024, the Fund's most recently completed fiscal year end, were as follows:

<u>Aggregate Gross Appreciation</u>	<u>Aggregate Gross Depreciation</u>	<u>Net Unrealized Appreciation</u>	<u>Federal Income Tax Cost</u>
\$58,347,533	\$(4,099,623)	\$54,247,910	\$150,110,904

Any difference between book-basis and tax-basis unrealized appreciation is attributable primarily to the differences in tax treatment of wash sales.

At March 31, 2024, components of distributable earnings on a tax-basis were as follows:

<u>Undistributed Ordinary Income</u>	<u>Undistributed Long-Term Capital Gains</u>	<u>Net Unrealized Appreciation</u>	<u>Total Distributable Earnings</u>
\$1,186,110	\$—	\$54,247,910	\$55,434,020

As of March 31, 2024, the Fund's most recently completed fiscal year end, the Fund did not have any capital loss carryovers. A regulated investment company may elect for any taxable year to treat any portion of any qualified late year loss as arising on the first day of the next taxable year. Qualified late year losses are certain capital, and ordinary losses which occur during the portion of the Fund's taxable year subsequent to October 31 and December 31, respectively. For the taxable year ended March 31, 2024, the Fund did not defer any qualified late year losses.

The tax character of distributions paid during the year ended March 31, 2024 were as follows:

<u>Ordinary Income*</u>	<u>Long-Term Capital Gains</u>	<u>Total</u>
\$3,680,677	\$4,696,586	\$8,377,263

The tax character of distributions paid during the year ended March 31, 2023 were as follows:

<u>Ordinary Income*</u>	<u>Long-Term Capital Gains</u>	<u>Total</u>
\$1,001,926	\$3,539,197	\$4,541,123

* For federal income tax purposes, distributions of short-term capital gains are treated as ordinary income.

9. CONTROL OWNERSHIP

The beneficial ownership, either directly or indirectly, of more than 25% of the voting securities of a fund creates a presumption of control of the fund, under Section 2(a)(9) of the Investment Company Act of 1940. As of March 31, 2024, Charles Schwab & Co., Inc., for the benefit of its customers, owned 27.35% of the outstanding shares of the Fund.

PORT STREET QUALITY GROWTH FUND

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of Port Street Quality Growth Fund and
Board of Trustees of Managed Portfolio Series

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Port Street Quality Growth Fund (the “Fund”), a series of Managed Portfolio Series, as of March 31, 2024, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of March 31, 2024, the results of its operations for the year then ended, the changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of March 31, 2024, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Fund’s auditor since 2014.

PORT STREET QUALITY GROWTH FUND

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) PORT STREET INVESTMENTS, LLC

APPROVAL OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) SARATOGA RESEARCH & INVESTMENT MANAGEMENT

At the regular meeting of the Board of Trustees of Managed Portfolio Series (“Trust”) on February 21-22, 2024, the Trust’s Board of Trustees (“Board”), including a majority of the Trustees who are not “interested persons” of the Trust, as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended (“Independent Trustees”), considered and approved the continuation of the Investment Advisory Agreement between the Trust and Port Street Investments, LLC (“Port Street” or the “Adviser”) regarding the Port Street Quality Growth Fund (the “Fund”) (the “Investment Advisory Agreement”) and the Investment Sub-Advisory Agreement between Port Street and Saratoga Research & Investment Management (“Saratoga” or “Sub-Adviser”) regarding the Fund (the “Investment Sub-Advisory Agreement”) for another annual term.

Prior to the meeting and at a meeting held on January 4, 2024, the Trustees received and considered information from Port Street, Saratoga and the Trust’s administrator designed to provide the Trustees with the information necessary to evaluate the continuance of the Investment Advisory Agreement and the Investment Sub-Advisory Agreement (“Support Materials”). Before voting to approve the continuance of the Investment Advisory Agreement and the Investment Sub-Advisory Agreement, the Trustees reviewed the Support Materials with Trust management and with counsel to the Independent Trustees and received a memorandum and advice from such counsel discussing the legal standards for their consideration of the renewal of the Investment Advisory Agreement and Investment Sub-Advisory Agreement. This information, together with the information provided to the Board throughout the course of the year, formed the primary (but not exclusive) basis for the Board’s determinations.

In determining whether to continue the Investment Advisory Agreement and the Investment Sub-Advisory Agreement, the Trustees considered all factors they believed relevant, including the following with respect to the Fund: (1) the nature, extent, and quality of the services provided by Port Street and Saratoga with respect to the Fund; (2) the Fund’s historical performance and the performance of other investment accounts managed by Port Street and Saratoga, as applicable; (3) the costs of the services provided by Port Street and the profits realized by Port Street from services rendered to the Fund; (4) comparative fee and expense data for the Fund and other investment companies with similar investment objectives; (5) the extent to which economies of scale may be realized as the Fund grows, and whether the advisory fee for the Fund reflects such economies of scale for the Fund’s benefit; and (6) other benefits to Port Street and Saratoga resulting from their relationship with the Fund. The Trustees also weighed to varying degrees the importance of the information provided to them and did not identify any particular information that was all-important or controlling.

Based upon the information provided to the Board throughout the course of the year, including a presentation to the Board by representatives of Port Street, and the Support Materials, the Board concluded that the overall arrangements between the Trust and Port Street as set forth in the Investment Advisory Agreement, and between Port Street and Saratoga as set forth in the Investment Sub-Advisory Agreement, as each agreement relates to the Fund, continue to be fair and reasonable in light of the services that Port Street and Saratoga perform, the investment advisory fees that each receives for such services, and such other matters as the Trustees considered relevant in the exercise of their reasonable business judgment. The material factors and conclusions that formed the basis of the Trustees’ determination to approve the continuation of the Investment Advisory Agreement and the Investment Sub-Advisory Agreement as it relates to the Fund are summarized below.

PORT STREET QUALITY GROWTH FUND

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) – CONTINUED PORT STREET INVESTMENTS, LLC

APPROVAL OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) – CONTINUED SARATOGA RESEARCH & INVESTMENT MANAGEMENT

Nature, Extent and Quality of Services Provided. The Trustees considered the scope of services that Port Street provides under the Investment Advisory Agreement, noting that such services and responsibilities differ from those of the Sub-Adviser, and include, but are not limited to, the following with respect to the Fund: (1) providing for and supervising the general management and investment of the Fund’s securities portfolio through the use of a sub-adviser; (2) investing or overseeing a sub-adviser’s investment of the Fund’s assets consistent with the Fund’s investment objective and investment policies, and evaluating the sub-adviser’s performance results with respect to the Fund; (3) directly managing any portion of the Fund’s assets that the Adviser determines not to allocate to a sub-adviser and, with respect to such portion, determining the portfolio securities to be purchased, sold, or otherwise disposed of and the timing of such transactions; (4) voting or overseeing a sub-adviser’s voting of all proxies with respect to the Fund’s portfolio securities; (5) maintaining and overseeing the maintenance of the required books and records for transactions effected on behalf of the Fund; (6) selecting or overseeing a sub-adviser’s selection of broker-dealers to execute orders on behalf of the Fund; and (7) monitoring and maintaining the Fund’s compliance with policies and procedures of the Trust and with applicable securities laws, and overseeing a sub-adviser’s completion of the same. As part of the considerations the Trustees noted that the Adviser had currently allocated day-to-day portfolio management of the Fund’s assets to Saratoga. The Trustees reviewed Port Street’s assets under management, capitalization and financial statements and noted the fact that Port Street is under common control with Beacon Pointe Advisors, LLC, a registered investment adviser with significant assets under management. In that regard, the Trustees concluded that Port Street has sufficient resources to support the management of the Fund. The Trustees also noted that the Trust and Adviser have obtained exemptive relief to allow the Adviser to operate the Fund in a “manager of managers” structure, which enables the Adviser to terminate and replace a sub-adviser without requesting shareholder approval. The Trustees considered the investment philosophy of the Fund’s portfolio managers and their investment industry experience. The Trustees concluded that they were satisfied with the nature, extent and quality of services that Port Street provides to the Fund under the Investment Advisory Agreement.

Similar to the review of Port Street, the Trustees considered the scope of distinct services that Saratoga provides under the Investment Sub-Advisory Agreement with respect to such portions of the Fund that the Adviser allocates to Saratoga’s management, and subject to the Adviser’s oversight, noting that such services include, but are not limited to, the following: (1) investing the Fund’s assets consistent with the Fund’s investment objective and investment policies; (2) determining the portfolio securities to be purchased, sold, or otherwise disposed of and the timing of such transactions; (3) voting proxies, if any, with respect to the Fund’s portfolio securities; (4) maintaining the required books and records for transactions Saratoga effected on behalf of the Fund; (5) selecting broker-dealers to execute orders on behalf of the Fund; and (6) monitoring and maintaining the Fund’s compliance with policies and procedures of the Trust and with applicable securities laws. The Trustees reviewed Saratoga’s assets under management, financial statements and its capitalization. The Trustees concluded that Saratoga had sufficient resources to support Saratoga’s management of the Fund. The Trustees noted the investment philosophy of Saratoga’s portfolio manager and his significant portfolio management experience. The Trustees concluded that they were satisfied with the nature, extent and quality of services that Saratoga provides to the Fund under the Investment Sub-Advisory Agreement.

PORT STREET QUALITY GROWTH FUND

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) – CONTINUED PORT STREET INVESTMENTS, LLC

APPROVAL OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) – CONTINUED SARATOGA RESEARCH & INVESTMENT MANAGEMENT

Fund Historical Performance and the Overall Performance of Port Street and Saratoga. In assessing the quality of the portfolio management delivered by Port Street and Saratoga, the Trustees reviewed the short-term and long-term performance of the Fund on both an absolute basis and in comparison to an appropriate benchmark index, the Fund's Morningstar category ("Category") as well as a smaller sub-set of peer funds ("Cohort"), and the composite of separate accounts that Saratoga manages utilizing a similar investment strategy as that of the Fund.

The Trustees noted that the Fund had outperformed the Category averages for all periods presented as of September 30, 2023, and the Cohort average for the one-year period ended September 30, 2023, but the Fund underperformed the Cohort for all other periods presented. The Trustees also considered that the Fund had underperformed its benchmark index for all periods presented as of September 30, 2023. The Trustees took into account that the Fund's strategy contemplates holding a significant cash position in certain circumstances, which impacted relative performance during periods reviewed by the Board. The Trustees also took into account that the Fund had achieved positive absolute returns across all reviewed periods since inception. The Trustees then observed that the investment performance of Saratoga's similarly managed account composite generally tracked the Fund's performance.

Cost of Advisory Services and Profitability. The Trustees considered the annual advisory fee that the Fund pays to Port Street under the Investment Advisory Agreement, as well as Port Street's profitability analysis for services that Port Street rendered to the Fund during the 12 months ending September 30, 2023. The Trustees also noted favorably that Port Street had agreed to continue the expense limitation agreement under which Port Street contractually agreed to reduce its advisory fees and, if necessary, reimburse the Fund for operating expenses, as specified in the Fund's prospectus, and noted that Port Street had waived a portion of its advisory fee during its most recent fiscal year. The Trustees observed that Port Street does not manage other accounts utilizing a similar investment strategy as that of the Fund for purposes of conducting a management fee comparison. The Trustees considered the reasonableness of Port Street's profits from its service relationship with the Fund.

The Trustees also considered the annual sub-advisory fee that Port Street pays to Saratoga under the Investment Sub-Advisory Agreement. The Trustees noted the management fees Saratoga charges to separately managed accounts with similar investment strategies and similar asset levels to those of the Fund are generally higher than the sub-advisory fee for the Fund, noting that the scope of services that Saratoga provides to the Fund differs from the services Saratoga provides to these separately managed accounts. The Trustees noted that because the sub-advisory fees are paid by Port Street, the overall advisory fee paid by the Fund is not directly affected by the sub-advisory fees paid to Saratoga. Consequently, the Trustees did not consider the costs of services provided by Saratoga or the profitability of their relationship with the Fund to be material factors for consideration given that Saratoga is not affiliated with Port Street and, therefore, the sub-advisory fees were negotiated on an arm's length basis.

Comparative Fee and Expense Data. The Trustees considered a comparative analysis of the contractual expenses borne by the Fund and those of funds in the same Category and Cohort as of September 30, 2023. The Trustees noted the Fund's management fee and total expenses (after waivers and expense reimbursements) were each higher than the Category and Cohort averages. The Trustees took into account that the average net assets of the majority of funds comprising the Cohort were significantly higher than the assets of the Fund. While recognizing that it is difficult to compare advisory fees because the scope of advisory services provided may vary from one investment adviser to another, the Trustees concluded that Port Street's advisory fee and the portion of such fee that it allocates to Saratoga continues to be reasonable.

PORT STREET QUALITY GROWTH FUND

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) – CONTINUED PORT STREET INVESTMENTS, LLC

APPROVAL OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) – CONTINUED SARATOGA RESEARCH & INVESTMENT MANAGEMENT

Economies of Scale. The Trustees considered whether the Fund would benefit from any economies of scale and noted the investment advisory fee for the Fund contains breakpoints and that the Fund's assets had grown to the point where the initial breakpoint had been triggered. The Trustees noted that additional economies of scale would be realized through additional breakpoints in the advisory fee if Fund assets should increase materially from current levels. The Trustees concluded that the Fund was currently benefitting from economies of scale and would achieve additional benefits if the Fund's assets were to grow materially from current levels.

Other Benefits. The Trustees considered the direct and indirect benefits that could be realized by the Adviser or the Sub-Adviser, and their affiliates, from their respective relationships with the Fund. The Trustees noted neither Port Street nor Saratoga utilizes soft dollar arrangements with respect to portfolio transactions and do not use affiliated brokers to execute the Fund's portfolio transactions. The Trustees considered that the Adviser or the Sub-Adviser may receive some form of reputational benefit from services rendered to the Fund, but that such benefits are immaterial and cannot otherwise be quantified. The Trustees concluded that Port Street and Saratoga do not receive additional material benefits from their relationship with the Fund.

PORT STREET QUALITY GROWTH FUND

ADDITIONAL INFORMATION (UNAUDITED) MARCH 31, 2024

AVAILABILITY OF FUND PORTFOLIO INFORMATION

The Fund files complete schedules of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Part F of Form N-PORT. The Fund's Part F of Form N-PORT is available on the SEC's website at www.sec.gov and may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. For information on the Public Reference Room call 1-800-SEC-0330. In addition, the Fund's Part F of Form N-PORT is available without charge upon request by calling 1-855-282-2386.

AVAILABILITY OF PROXY VOTING INFORMATION

A description of the Fund's Proxy Voting Policies and Procedures is available without charge, upon request, by calling 1-855-369-6220. Information regarding how the Funds voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, is available (1) without charge, upon request, by calling 1-855-282-2386, or (2) on the SEC's website at www.sec.gov.

QUALIFIED DIVIDEND INCOME/DIVIDENDS RECEIVED DEDUCTION

For the fiscal year ended March 31, 2024, certain dividends paid by the Fund may be reported as qualified dividend income and may be eligible for taxation at capital gain rates. The percentage of dividends declared from ordinary income designated as qualified dividend income was 71.42% for the Fund. For corporate shareholders, the percent of ordinary income distributions qualifying for the corporate dividends received deduction for the fiscal year ended March 31, 2024, was 50.52% for the Fund. The percentage of taxable ordinary income distributions that are designated as short-term capital gain distributions under Internal Revenue Section 871(k)(2)(c) was 6.53%.

PORT STREET QUALITY GROWTH FUND

PRIVACY NOTICE (UNAUDITED)

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (e.g., information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (e.g., information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment adviser who is an affiliate of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, credit union, bank or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.
