Summary Section

Port Street Quality Growth Fund

Investment Objective

The Port Street Quality Growth Fund (the “Fund”) seeks total return.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and example below.

Shareholder Fees <i>(fees paid directly from your investment)</i>	None
Annual Fund Operating Expenses <i>(expenses that you pay each year as a percentage of the value of your investment)</i>	
Management Fees	0.85%
Shareholder Servicing Plan Fees	0.10%
Other Expenses	0.15%
Total Annual Fund Operating Expenses ⁽¹⁾	1.10%
Less: Fee Waiver ⁽²⁾	-0.13%
Total Annual Fund Operating Expenses After Fee Waiver ⁽²⁾	0.97%

⁽¹⁾ The Total Annual Fund Operating Expenses do not correlate to the ratio of expenses to average net assets included in the Financial Highlights sections of the Fund’s Statutory Prospectus, which reflects the operating expenses of the Fund and does not include available but unused shareholder servicing plan fees.

⁽²⁾ Port Street Investments, LLC (the “Adviser” or “Port Street”) has contractually agreed to waive its management fees and pay Fund expenses in order to ensure that Total Annual Fund Operating Expenses (excluding any acquired fund fees and expenses, leverage/borrowing interest, interest expense, dividends paid on short sales, taxes, brokerage commissions and other transactional expenses, and extraordinary expenses) do not exceed 0.97% of the Fund’s average daily net assets. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in effect at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated through July 29, 2027. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Trust’s Board or the Adviser, with the consent of the Board.

Example

This Example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the expense limitation for one year). Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>One Year</u>	<u>Three Years</u>	<u>Five Years</u>	<u>Ten Years</u>
\$99	\$337	\$594	\$1,329

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 9% of the average value of its portfolio.

Principal Investment Strategies

The Fund’s approach to investing focuses on those companies that can be purchased at market prices below their fair value with a record of consistent, above average profit growth; strong balance sheets; sustainable competitive advantages; and capable management. The source of such growth is persistently above average profitability, which, when combined with a sensible policy relating to the payout of such profits and intelligent re-investment, results in the compounding of retained earnings and long-term growth. The Fund’s investment strategy is designed to grow purchasing power in excess of inflation and outperform the general market over time while mitigating losses during periods of economic adversity.

Under normal market conditions, the Fund invests primarily in equity securities, including common stocks. Although the Fund invests in equity securities issued by companies of any capitalization, it focuses a greater portion of its investments in larger-capitalization (“larger cap”) companies, many of which generate income through dividend distributions as well as providing capital appreciation opportunities.

The Fund divides responsibility for investment management between the Adviser and Saratoga Research & Investment Management, an unaffiliated sub-adviser (the “Sub-Adviser” or “Saratoga”). Subject to the Adviser’s oversight, the Sub-Adviser is primarily responsible for the day-to-day portfolio management of the Fund.

In selecting securities for the Fund’s portfolio, the Sub-Adviser begins by performing a quantitative screen on a database of approximately 10,000 companies to identify those companies with a healthy balance sheet, not more than a moderate amount of leverage, a non-capital intensive business model, profitability, a propensity for above average profit margins, and management that has proven adept at allocating capital over time. This screen typically reduces the Fund’s investment universe to 150 to 200 companies.

Subject to the Adviser’s investment oversight responsibilities, the Sub-Adviser studies the business models of the companies identified during the initial screen to better understand the drivers of each company’s performance. The Sub-Adviser then uses valuation analysis to establish target purchase prices for each company. The result of this process is a portfolio of 25 to 45 companies the Sub-Adviser believes are quality issuers that have the ability to grow future profits in excess of market averages and are priced at a discount to their intrinsic values. From time to time, the Fund may focus its investments in securities of companies in the same economic sector.

Due to the Adviser’s and Sub-Adviser’s investing approach, the Fund may hold a significant position in cash or cash equivalents (including, but not limited to, U.S. Treasury bills and shares of money market funds) for an extended period of time, based on the Adviser’s and Sub-Adviser’s determination of the availability of high-quality companies trading at valuations that meet the Fund’s investment criteria and investment objective. The Adviser and Sub-Adviser will determine the Fund’s cash position using its quantitative screens and valuation analysis.

The Fund may also invest up to 25% of its total assets in American Depositary Receipts (“ADRs”), which are negotiable certificates issued by U.S. banks that represent a specified number of shares of a foreign stock that is traded on a U.S. exchange.

Principal Risks

An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation (“FDIC”) or any other governmental agency. In addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund over short or even long periods of time.** The principal risks of investing in the Fund are:

General Market Risk. The Fund’s net asset value (“NAV”) and investment return will fluctuate based upon changes in the value of its portfolio securities. Certain securities selected for the Fund’s portfolio may be worth less than the price originally paid for them, or less than they were worth at an earlier time.

Management Risk. The Fund may not meet its investment objective or may underperform the market or other mutual funds with similar strategies if the Adviser and Sub-Adviser cannot successfully implement the Fund’s investment strategies.

Asset Allocation Risk. The Fund’s allocation among various asset classes and investments may not produce the desired results.

Cash/Cash Equivalents Risk. A substantial cash/cash equivalent position can adversely impact Fund performance in certain market conditions and may make it more difficult for the Fund to achieve its investment objective. In rising markets, holding cash or cash equivalents will negatively affect the Fund’s performance relative to its benchmark.

Equity Securities Risk. The equity securities held in the Fund’s portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific industries, sectors, geographic markets, or companies in which the Fund invests.

Growth-Style Investing Risk. Investors expect growth companies to increase their earnings at a certain rate that is generally higher than the rate expected for non-growth companies. If a growth company does not meet these expectations, the price of its stock may decline significantly, even if it has increased earnings. Growth companies also typically do not pay dividends. Companies that pay dividends may experience less significant stock price declines during market downturns.

Limited Holdings Risk. The Fund may have a relatively high concentration of assets in a single or small number of issuers, which may reduce its diversification and result in increased volatility.

Large Cap Company Risk. The Fund’s investments in larger, more established companies are subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Larger, more established companies may be unable to respond quickly to new competitive challenges such as changes in consumer tastes or innovative smaller competitors potentially resulting in lower markets for their common stock.

Mid Cap and Small Cap Companies Risk. Mid cap and small cap companies may not have the management experience, financial resources, product or business diversification and competitive strengths of large cap companies. Therefore, these securities may have more price volatility and be less liquid than the securities of larger, more established companies.

Foreign Securities Risk. Investments in securities issued by foreign companies involve risks not generally associated with investments in securities of U.S. companies, including risks relating to political, social, and economic developments abroad, differences between U.S. and foreign regulatory and tax requirements, and market practices, as well as fluctuations in foreign currencies. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S.

ADR Risk. ADRs are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. Holders of unsponsored ADRs generally bear all the costs of such depositary receipts, and the issuers of unsponsored ADRs frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the ADRs.

Sector Emphasis Risk. The securities of companies in the same or related businesses (“industry sectors”), if comprising a significant portion of the Fund’s portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund’s portfolio or the Fund’s portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors.

Cybersecurity Risk. Investment advisers, including the Adviser, must rely in part on digital and network technologies (collectively “cyber networks”) to conduct their businesses. Such cyber networks might in some circumstances be at risk of cyber-attacks that could potentially seek unauthorized access to digital systems for purposes such as misappropriating sensitive information, corrupting data, or causing operational disruption.

Performance

The accompanying bar chart and table provide some indication of the risks of investing in the Fund. The bar chart shows how the Fund’s total returns have varied from year-to-year. Following the bar chart are the Fund’s highest and lowest quarterly returns during the period shown in the bar chart. The performance table that follows shows how the Fund’s average annual total returns over time compare with a broad-based securities market index. Past performance (before and after taxes) will not necessarily continue in the future. Updated performance information is available on the Fund’s website at <https://portstreetinvest.com> or by calling the Fund toll-free at 1-855-369-6220.

Calendar Year Total Returns as of December 31

Best Quarter	Worst Quarter
Q2 2020 8.21%	Q1 2020 -9.66%
Year to Date Return as of June 30, 2026	
2.90%	

Average Annual Total Returns for the periods ended December 31, 2025

Institutional Class	One Year	Five Years	Ten Years	Since Inception (3/31/2014)
Return Before Taxes	10.32%	6.83%	7.92%	7.23%
Return After Taxes on Distributions	6.78%	5.54%	7.11%	6.54%
Return After Taxes on Distributions and Sale of Fund Shares	8.48%	5.23%	6.35%	5.83%
S&P 500® Index (reflects no deductions for fees, expenses or taxes)	17.88%	14.42%	14.82%	13.67%

After tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your situation and may differ from those shown. Furthermore, the after-tax returns shown are not relevant to those investors who hold their shares through tax-advantaged arrangements such as 401(k) plans or individual retirement accounts (“IRAs”).

Management

Investment Adviser

Port Street Investments, LLC is the Fund’s investment adviser.

Investment Sub-Adviser

Saratoga Research & Investment Management is the Fund’s investment sub-adviser.

Portfolio Managers

The Fund is managed by portfolio managers of the Adviser and the Sub-Adviser. The following portfolio managers are responsible for the management of the Fund and have managed the Fund since its inception in March 2014:

- Kevin Tanner – Chairman, Chief Executive Officer and Chief Investment Officer of the Sub-Adviser.
- Graham Pierce – Chief Executive Officer of the Adviser.

Purchase and Sale of Fund Shares

You may purchase, exchange or redeem Fund shares on any day that the New York Stock Exchange (“NYSE”) is open for business by written request via mail (Port Street Quality Growth Fund, c/o U.S. Bank Global Fund Services, P.O. Box 219252, Kansas City, MO 64121-9252) by contacting the Fund by telephone at 1-855-369-6220, or through a financial intermediary. You may also purchase or redeem Fund shares by wire transfer. The minimum initial investment amount for purchases of shares of the Fund is \$2,000. Subsequent purchases and exchanges may be made with a minimum investment amount of \$100. The Adviser may reduce or waive the minimums.

Tax Information

The Fund’s distributions are generally taxable, and will be taxed as ordinary income or capital gains, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA. Distributions on investments made through tax-advantaged arrangements may be taxed as ordinary income when withdrawn from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank or financial advisor), the Fund, the Adviser and/or the Sub-Adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

Investment Objective, Strategies, Risks and Disclosure of Portfolio Holdings

Investment Objective

The Fund's investment objective is to seek to provide total return. The Fund's investment objective is not fundamental and may be changed without the approval of the Fund's shareholders upon 60 days' prior written notice to shareholders.

Principal Investment Strategies

The Fund's approach to investing focuses on those companies that can be purchased at market prices below their fair value with a record of consistent, above average profit growth; strong balance sheets; sustainable competitive advantages; and capable management. The source of such growth is persistently above average profitability, which, when combined with a sensible policy relating to the payout of such profits and intelligent re-investment, results in the compounding of retained earnings and long-term growth. The Fund's investment strategy is designed to grow purchasing power in excess of inflation and outperform the general market over time while mitigating losses during periods of economic adversity.

Under normal market conditions, the Fund invests primarily in equity securities, including common stocks. Although the Fund invests in equity securities issued by companies of any capitalization, it focuses a greater portion of its investments in larger-capitalization ("larger cap") companies, many of which generate income through dividend distributions as well as providing capital appreciation opportunities.

The Fund divides responsibility for investment management between the Adviser and Saratoga, an unaffiliated sub-adviser. As part of its services to the Fund, the Adviser evaluates and recommends professional investment managers to serve as sub-advisers, formulates and implements the Fund's investment program, and oversees the management of the Fund's investments by the Sub-Adviser. The Adviser may make specific portfolio investments for the Fund's portfolio if the Adviser allocates all or a portion of the Fund's assets for its direct management. Subject to the Adviser's oversight, the Sub-Adviser is primarily responsible for the day-to-day portfolio management of the Fund.

In selecting securities for the Fund's portfolio, the Sub-Adviser begins by performing a quantitative screen on a database of approximately 10,000 companies to identify those companies with a healthy balance sheet, not more than a moderate amount of leverage, a non-capital intensive business model, profitability, a propensity for above average profit margins, and management that has proven adept at allocating capital over time. This screen typically reduces the Fund's investment universe to 150 to 200 companies. Due to the Adviser's and Sub-Adviser's investing approach, the Fund may hold a significant position in cash or cash equivalents (including, but not limited to, shares of money market funds) for an extended period of time, based on the Adviser's and Sub-Adviser's determination of the availability of high-quality companies trading at valuations that meet the Fund's investment criteria and investment objective. The Adviser and Sub-Adviser will determine the Fund's cash position using its quantitative screens and valuation analysis.

Subject to the Adviser's investment oversight responsibilities, the Sub-Adviser studies the business models of the companies identified during the initial screen to better understand the drivers of each

company's performance. The Sub-Adviser then uses valuation analysis to establish target purchase prices for each company. The result of this process is a portfolio of 25 to 45 companies the Sub-Adviser believes are quality issuers that have the ability to grow future profits in excess of market averages and are priced at a discount to their intrinsic values. From time to time, the Fund may focus its investments in securities of companies in the same economic sector.

The Sub-Adviser typically considers selling a security for one of three reasons: (1) when the security approaches the Sub-Adviser's estimated intrinsic value; (2) because of material changes in the issuer's business model or the competitive landscape in which it operates; or (3) because of a material increase in the issuer's use of leverage.

The Fund may also invest up to 25% of its total assets in ADRs, which are negotiable certificates issued by U.S. banks that represent a specified number of shares of a foreign stock that is traded on a U.S. exchange.

Due to the Adviser's and Sub-Adviser's investing approach, the Fund may hold a significant position in cash or cash equivalents (including, but not limited to, shares of money market funds) for an extended period of time, based on the Adviser's and Sub-Adviser's determination of the availability of high-quality companies trading at valuations that meet the Fund's investment criteria and investment objective. The Adviser and Sub-Adviser will determine the Fund's cash position using its quantitative screens and valuation analysis.

Cash or Similar Investments and Temporary Strategies of the Fund. At the Adviser's discretion, the Fund may invest in high-quality, short-term debt securities and money market instruments for (i) temporary defensive purposes in response to adverse market, economic or political conditions and (ii) retaining flexibility in meeting redemptions, paying expenses, and identifying and assessing investment opportunities. These short-term debt securities and money market instruments include cash, shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. government securities, and repurchase agreements. To the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund will bear its pro rata portion of such money market funds' management fees and operational expenses. When investing for temporary defensive purposes, the Adviser may invest up to 100% of the Fund's total assets in such instruments. Taking a temporary defensive position may result in the Fund not achieving its investment objective.

Principal Risks of Investing in the Fund

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the FDIC or any other governmental agency. There can be no assurance that the Fund will achieve its investment objective. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund.** The principal risks of investing in the Fund are:

General Market Risk. The NAV of the Fund and investment return of the Fund will fluctuate based upon changes in the value of the Fund's portfolio securities. The market value of a security may move up or down, sometimes rapidly and unpredictably. These fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a

single issuer, industry, sector of the economy or the market as a whole. U.S. and international markets have experienced, and may continue to experience, volatility, which may increase risks associated with an investment in the Fund. Certain social, political, economic, environmental and other conditions and events (such as natural disasters and weather-related phenomena generally, epidemics and pandemics, terrorism, conflicts and social unrest) may adversely interrupt the global economy and result in prolonged periods of significant market volatility. The market value of securities in which the Fund invests is based upon the market's perception of value and is not necessarily an objective measure of the securities' value. In some cases, for example, the stock prices of individual companies have been negatively affected even though there may be little or no apparent degradation in the financial condition or prospects of the issuers. Similarly, the debt markets have experienced substantially lower valuations, reduced liquidity, price volatility, credit downgrades, increased likelihood of default, and valuation difficulties. As a result of this significant volatility, many of the following risks associated with an investment in the Fund may be increased. Continuing market volatility may have adverse effects on the Fund.

Management Risk. The ability of the Fund to meet its investment objective is directly related to the Adviser and Sub-Adviser's investment strategies for the Fund. The value of your investment in the Fund may vary with the effectiveness of the Adviser and Sub-Adviser's research, analysis and asset allocation among portfolio securities. If the Adviser and Sub-Adviser's investment strategies do not produce the expected results, the value of your investment could be diminished or even lost entirely and the Fund could underperform the market or other mutual funds with similar investment objectives.

Asset Allocation Risk. The Fund's investment performance may depend, at least in part, on its asset allocation targets and ranges, and how the Fund's assets are allocated and reallocated among various assets classes and investments. The Adviser's asset allocation decisions may not anticipate market trends successfully, and the Adviser may make less than optimal or poor asset allocation decisions. It is possible that the Adviser will focus on an asset class or investment that performs poorly or underperforms other alternatives under various market conditions. You could lose money on your investment in the Fund as a result of these allocation decisions. To the extent that the Fund invests a significant portion of its assets in underlying funds, the Fund will be particularly sensitive to the risks associated with that underlying fund.

Cash/Cash Equivalents Risk. To the extent the Fund holds cash or cash equivalents rather than securities or other instruments in which it primarily invests, the Fund risks losing opportunities to participate in market appreciation and may experience potentially lower returns than the Fund's benchmark or other funds that remain fully invested.

Equity Securities Risk. The Fund's investments in equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; global and/or regional political, economic and banking crises; and factors affecting specific industries, sectors, geographic markets, or companies in which the Fund invests. The Fund's NAV and investment return will fluctuate based upon changes in the value of its portfolio securities.

Growth-Style Investing Risk. Investors expect growth companies to increase their earnings at a certain rate that is generally higher than the rate expected for non-growth companies. If a growth company does not meet these expectations, the price of its stock may decline significantly, even if it has increased earnings. Growth companies also typically do not pay dividends. Companies that pay dividends may experience less significant stock price declines during market downturns.

Limited Holdings Risk. The Fund may have a relatively high percentage of assets in a single or small number of issuers and may have fewer holdings than other mutual funds. As a result, a decline in the value of an investment in a single issuer could cause the Fund's overall value to decline to a greater degree than if the Fund held a more diverse portfolio.

Large Cap Company Risk. The Fund's investments in larger, more established companies are subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Larger, more established companies may be unable to respond quickly to new competitive challenges such as changes in consumer tastes or innovative smaller competitors potentially resulting in lower markets for their common stock.

Mid Cap and Small Cap Companies Risk. Mid cap and small cap companies may not have the management experience, financial resources, product or business diversification and competitive strengths of large cap companies. Therefore, these securities may have more price volatility and be less liquid than the securities of larger, more established companies. Mid cap and small cap company stocks may also be bought and sold less often and in smaller amounts than larger company stocks. Because of this, if the Sub-Adviser wants to sell a large quantity of a mid-cap or small cap company stock, it may have to sell at a lower price than it might prefer, or it may have to sell in smaller than desired quantities over a period of time. Analysts and other investors may follow these companies less actively and therefore information about these companies may not be as readily available as that for large cap companies.

Foreign Securities Risk. The risks of investing in securities of foreign companies involves risks not generally associated with investments in securities of U.S. companies, including risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory and tax requirements and market practices. Securities that are denominated in foreign currencies are subject to the further risk that the value of the foreign currency will fall in relation to the U.S. dollar and/or will be affected by volatile currency markets or actions of U.S. and foreign governments or central banks. Foreign securities may be subject to greater fluctuations in price than securities of U.S. companies because foreign markets may be smaller and less liquid than U.S. markets. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S.

ADR Risk. ADRs are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. ADRs may be purchased through "sponsored" or "unsponsored" facilities. A sponsored facility is established jointly by the issuer of the underlying security and a depositary, whereas a depositary may establish an unsponsored facility without participation by the issuer of the depositary security. Holders of unsponsored ADRs generally bear all the costs of such ADRs, and the issuers of unsponsored ADRs frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the ADRs. As a result, there may not be a correlation between such information and the market values of unsponsored ADRs.

Sector Emphasis Risk. The securities of companies in the same or related businesses ("industry sectors"), if comprising a significant portion of the Fund's portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the

Fund's portfolio or the Fund's portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors.

Cybersecurity Risk. Investment advisers, including the Adviser, must rely in part on digital and network technologies (collectively “cyber networks”) to conduct their businesses. Such cyber networks might in some circumstances be at risk of cyber attacks that could potentially seek unauthorized access to digital systems for purposes such as misappropriating sensitive information, corrupting data, or causing operational disruption. Cyber attacks might potentially be carried out by persons using techniques that could range from efforts to electronically circumvent network security or overwhelm websites to intelligence gathering and social engineering functions aimed at obtaining information necessary to gain access. Nevertheless, cyber incidents could potentially occur, and might in some circumstances result in unauthorized access to sensitive information about the Adviser or its clients.

Portfolio Holdings

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Fund's Statement of Additional Information (“SAI”).

Management of the Fund

Investment Adviser

The Trust has entered into an investment advisory agreement (“Advisory Agreement”), on behalf of the Fund, with Port Street Investments, LLC located at 24 Corporate Plaza, Suite 150, Newport Beach, California 92660. Established in 2013, the Adviser is an SEC-registered investment adviser that provides investment advisory services to the Fund and, as of March 31, 2026, the Adviser is currently responsible for about \$163 million in assets under management. Under the Advisory Agreement, the Adviser manages the Fund's investments subject to the supervision of the Board.

The Adviser has overall supervisory responsibility for the general management and investment of the Fund's securities portfolio, including oversight of the Sub-Adviser. The Adviser is responsible for assuring that investments are made according to the Fund's investment objective, policies and restrictions. The Adviser also furnishes the Fund with office space and certain administrative services and provides most of the personnel needed to fulfill its obligations under its Advisory Agreement. For its services, the Fund pays the Adviser a monthly management fee based upon the average daily net assets of the Fund at an annual rate of 0.85% on the first \$100 million of average daily net assets, 0.80% on the next \$150 million of average daily net assets, 0.75% on the next \$500 million of average daily net assets, and 0.70% on average daily net assets over \$750 million.

The Fund divides responsibility for investment management between the Adviser and Saratoga, an unaffiliated sub-adviser. As part of its services to the Fund, the Adviser provides and utilizes investment manager research that it has conducted to assist the Fund in achieving its investment objectives. Such services include evaluating and recommending professional investment advisory and management organizations (“investment managers”) to serve as sub-adviser(s) to the Fund and making specific portfolio investments for the Fund's portfolio if the Adviser allocates all or a portion of the Fund's assets for its direct management.

Although the day-to-day management of the Fund's portfolio is performed by the Sub-Adviser, the Adviser retains responsibility for the management of the Fund, including implementing its investment objective and strategies and making specific portfolio investments for the Fund's portfolio if the Adviser allocates all or a portion of the Fund's assets for its direct management. The Adviser, who identified and recommended the initial hiring of the Sub-Adviser, supervises and monitors the activities of the Sub-Adviser on an ongoing basis. In addition, the Adviser reviews and analyzes the Fund's performance and its performance relative to peer funds, monitors the Fund's compliance with its investment objective and strategies, prepares reports for the Board on investment performance and other matters affecting the Fund, recommends to the Board enhancements to Fund features, communicates with shareholders and intermediaries about Fund performance and features and may directly manage any portion of the Fund's portfolio at its discretion.

The Adviser has selected the Sub-Adviser to be primarily responsible for the day-to-day portfolio management of the Fund, while the Adviser oversees the Sub-Adviser and evaluates its performance results. Subject to the Adviser's oversight, the Sub-Adviser selects the individual portfolio securities for the Fund's assets. The Sub-Adviser is unaffiliated with the Adviser.

The Sub-Adviser is currently responsible for managing all of the Fund's assets, although the Adviser retains the authority to manage any portion of the Fund's assets that the Adviser may determine not to allocate to the Sub-adviser. Assets not allocated to the Sub-Adviser may include the Fund's liquidity reserves and assets which may be managed directly by the Adviser to modify the Fund's overall portfolio characteristics to seek to achieve the desired risk/return profile for the Fund. The Adviser may also manage portions of the Fund during any future transitions to other sub-advisers. The Adviser's employees who manage the Fund oversee the Sub-Adviser and have primary responsibility for the management of the Fund.

Manager of Managers Order. The Fund, the Trust and the Adviser have obtained an exemptive order with respect to the Fund that permits the Fund to operate in a "manager of managers" structure whereby the Adviser, subject to certain conditions, can hire new sub-advisers for the Fund, and materially amend the terms of sub-advisory agreements with sub-advisers, each subject to Board approval but without obtaining prior shareholder approval. Consequently, under the exemptive order, the Adviser has the ultimate responsibility (subject to oversight by the Board) to oversee the sub-advisers and recommend their hiring, termination, and replacement. Within 90 days of retaining a new sub-adviser, shareholders of the Fund will receive notification of the change. The manager of managers structure enables the Fund to operate with greater efficiency and without incurring the expense and delays associated with obtaining shareholder approval of sub-advisory agreements. The structure does not permit investment advisory fees paid by the Fund to be increased or change the Adviser's obligations under its investment advisory agreement with the Trust. Furthermore, any sub-advisory agreements with affiliates of the Fund or the Adviser will require shareholder approval.

Fund Expenses. The Fund is responsible for its own operating expenses. Pursuant to an Operating Expenses Limitation Agreement between the Adviser and the Trust, on behalf of the Fund, the Adviser has agreed to waive its management fees, and pay Fund expenses in order to ensure that Total Annual Fund Operating Expenses (excluding acquired fund fees and expenses ("AFFE"), leverage/borrowing interest, interest expense, dividends paid on short sales, taxes, brokerage commissions and other transactional expenses, dividends paid on short sales and extraordinary expenses) do not exceed 0.97% of the Fund's average daily net assets for the Fund through July 29, 2027. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which

such fee waiver and/or expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and/or expense payment occurred and the expense limit in effect at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated through July 29, 2027. Thereafter, (1) the Operating Expenses Limitation Agreement may be terminated at any time, upon 60 days' written notice, and without payment of any penalty prior to the completion of its term, by the Trust's Board, on behalf of the Fund, or the Adviser, with the consent of the Board, which consent shall not be unreasonably withheld, or (2) the Adviser, upon sixty (60) days' written notice to the Board, may elect to revert the Fund's operating expense limit to 1.15%, with such reversion taking effect no earlier than the first day of the next twelve-month period.

As a result of the Operating Expenses Limitation Agreement the Adviser has with the Fund, the Adviser was effectively paid 0.70% of the Fund's average daily net assets as its annual management fee for the fiscal year ended March 31, 2026.

A discussion regarding the basis of the Board's approval of the Advisory Agreement is available in the Fund's annual report to shareholders for the period ended March 31, 2026, which is included in the Fund's Form N-CSR.

Investment Sub-Adviser

The Adviser has engaged Saratoga Research & Investment Management ("Saratoga") as Sub-Adviser to the Fund. Saratoga, subject to the supervision of the Adviser, is responsible for the day-to-day management of the Fund's portfolio allocated by the Adviser, including the purchase, retention, and sale of securities.

Saratoga is located at 14471 Big Basin Way, Suite E, Saratoga, California 95070. The Sub-Adviser is an SEC-registered investment adviser for private clients and institutions with approximately \$2.3 billion in assets under management as of March 31, 2026.

Subject to the supervision of the Adviser, the Sub-Adviser is primarily responsible for the day-to-day management of the Fund's portfolio, including purchase, retention and sale of securities. Pursuant to a Sub-Advisory Agreement, the Adviser pays the Sub-Adviser, on a quarterly basis, a sub-advisory fee based on the Fund's average daily net assets allocated to Saratoga.

The Adviser compensates the Sub-Adviser out of the advisory fee that the Adviser receives from the Fund. A discussion regarding the basis for the Board's approval of the Sub-Advisory Agreements is available in the Fund's annual report to shareholders for the period ended March 31, 2026.

Portfolio Managers

Graham Pierce – Portfolio Manager

Mr. Pierce is the Chief Executive Officer of the Adviser since its founding in 2013. He also has been with Beacon Pointe since 2006. From 2008 to 2010, he was a Senior Vice President of Beacon Pointe and in 2010, assumed the role of Managing Director of the firm and became a member of both its Board of Directors and its investment committee. Mr. Pierce oversees private client services for Beacon Pointe and manages other strategic initiatives related to that firm. In addition, he is employed part time as a

professor at the Merage School of Business at the University of California Irvine. Mr. Pierce has a BA from the University of Virginia and an MBA from UCLA's Anderson School of Business.

Kevin Tanner –Portfolio Manager

Mr. Tanner is the Chairman, CEO and Chief Investment Officer of the Sub-Adviser. Prior to founding Saratoga in 1995, Mr. Tanner was a senior portfolio manager and a senior vice president with Prudential Securities and Smith Barney. He has 35 years of experience as a professional money manager. Mr. Tanner earned his BS degree in economics from Santa Clara University.

The Fund's Statement of Additional Information provides additional information about the portfolio managers' compensation, other accounts managed by the portfolio managers and the portfolio managers' ownership of Fund shares.

Shareholder Information

Pricing of Fund Shares

The price of the Fund's shares is its NAV. The Fund's NAV is calculated by dividing the value of the Fund's total assets, less its liabilities, by the number of its shares outstanding. The NAV is calculated at the close of regular trading of the NYSE, which is generally 4:00 p.m., Eastern Time. The NAV will not be calculated nor may investors purchase or redeem Fund shares on days that the NYSE is closed for trading, even though certain Fund securities (i.e., foreign or debt securities) may trade on days the NYSE is closed, and such trading may materially affect the Fund's NAV.

The Fund's assets are generally valued at their market price using valuations provided by independent pricing services. If market quotations are not readily available, securities will be valued at their fair market value as determined using the "fair value" procedures approved by the Board. The Board reviews, no less frequently than annually, the adequacy of the policies and procedures of the Fund and the effectiveness of their implementation. These fair value pricing procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced. The Board will regularly evaluate whether the Trust's fair value pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through the application of such procedures.

When fair value pricing is employed, the security prices that the Fund uses to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value determined for a particular security may be materially different (higher or lower) from the price of the security quoted or published by others, the value when trading resumes, and/or the value realized upon the security's sale. Therefore, if a shareholder purchases or redeems Fund shares when the Fund holds securities priced at a fair value, the number of shares purchased or redeemed may be higher or lower than it would be if the Fund was using market value pricing.

Certain foreign securities may be valued at intraday market values in such foreign markets. Additionally, in the case of foreign securities, the occurrence of certain events (such as a significant surge or decline in

the U.S. or other markets) after the close of foreign markets, but prior to the time the Fund's NAV is calculated will often result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to profit by estimating the Fund's NAV in advance of the time the NAV is calculated. In addition, the Fund's investments in smaller or medium capitalization companies are more likely to require a fair value determination because they may be more thinly traded and less liquid than securities of larger companies. The Adviser anticipates that the Fund's portfolio holdings will be fair valued only if market quotations for those holdings are unavailable or considered unreliable.

How to Purchase Fund Shares

Shares of the Fund are purchased at the NAV per share next calculated after your purchase order is received in good order by the Fund (as defined below). Shares may be purchased directly from the Fund or through a financial intermediary, including but not limited to, certain brokers, financial planners, financial advisors, banks, insurance companies, retirement, benefit and pension plans, or certain packaged investment products.

Shares of the Fund have not been registered and are not offered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses or in certain other circumstances where the Chief Compliance Officer and Anti-Money Laundering Officer for the Trust conclude that such sale is appropriate and is not in contravention of U.S. law.

A service fee, currently \$25, as well as any loss sustained by the Fund, will be deducted from a shareholder's account for any purchases that do not clear. The Fund and U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, the Fund's transfer agent (the "Transfer Agent"), will not be responsible for any losses, liability, cost or expense resulting from rejecting any purchase order. Your initial order will not be accepted until a completed account application (an "Account Application") is received by the Fund or the Transfer Agent.

Investment Minimums. The minimum initial investment amount is \$2,000 for the Fund. The minimum investment amount for subsequent investments is \$100. The Adviser reserves the right to waive the minimum initial or subsequent investment amounts. Shareholders will be given at least 30 days' written notice of any increase in the minimum dollar amount of initial or subsequent investments.

Purchases through Financial Intermediaries. For share purchases through a financial intermediary, you must follow the procedures established by your financial intermediary. Your financial intermediary is responsible for sending your purchase order and payment to the Fund's Transfer Agent. Your financial intermediary holds the shares in your name and receives all confirmations of purchases and sales from the Fund. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining an account with it.

If you place an order for the Fund's shares through a financial intermediary that is authorized by the Fund to receive purchase and redemption orders on its behalf (an "Authorized Intermediary"), your order will be processed at the NAV next calculated after receipt by the Authorized Intermediary, consistent with

applicable laws and regulations. Authorized Intermediaries are authorized to designate other Authorized Intermediaries to receive purchase and redemption orders on the Fund's behalf.

If your financial intermediary is not an Authorized Intermediary, your order will be processed at the NAV next calculated after the Transfer Agent receives your order from your financial intermediary. Your financial intermediary must agree to send immediately available funds to the Transfer Agent in the amount of the purchase price in accordance with the Transfer Agent's procedures. If payment is not received in a timely manner, the Transfer Agent may rescind the transaction and your financial intermediary will be held liable for any resulting fees or losses. Financial intermediaries that are not Authorized Intermediaries may set cut-off times for the receipt of orders that are earlier than the cut-off times established by the Fund.

Purchase Requests Must be Received in Good Order

Your share price will be based on the next NAV per share calculated after the Transfer Agent or your Authorized Intermediary receives your purchase request in good order. "Good order" means that your purchase request includes:

- The name of the Fund(s) to be purchased;
- The dollar amount of shares to be purchased;
- Your account application; and
- A check payable to the name of the Fund(s) or a wire transfer received by the Fund(s).

An Account Application or subsequent order to purchase Fund shares is subject to acceptance by the Fund and is not binding until so accepted. The Fund reserves the right to reject any Account Application or purchase order if, in its discretion, it is in the Fund's best interest to do so. For example, a purchase order may be refused if it appears so large that it would disrupt the management of the Fund. Purchases may also be rejected from persons believed to be "market-timers," as described under "Tools to Combat Frequent Transactions," below. Accounts opened by entities, such as credit unions, corporations, limited liability companies, partnerships or trusts, will require additional documentation. Please note that if any information listed above is missing, your Account Application will be returned and your account will not be opened.

Upon acceptance by the Fund, all purchase requests received in good order before the close of the NYSE (generally 4:00 p.m., Eastern Time) will be processed at the applicable price next calculated after receipt. Purchase requests received after the close of the NYSE will be priced on the next business day.

Purchase by Mail. To purchase the Fund's shares by mail, simply complete and sign the Account Application or investment stub and mail it, along with a check made payable to the Fund, to:

Regular Mail

Port Street Quality Growth Fund
c/o U.S. Bank Global Fund Services
P.O. Box 219252
Kansas City, MO 64121-9252

Overnight or Express Mail

Port Street Quality Growth Fund
c/o U.S. Bank Global Fund Services
801 Pennsylvania Ave, Suite 219252
Kansas City, MO 64105-1307

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Fund's

Transfer Agent. Receipt of purchase orders or redemption requests determined as of the time the order is received at the Transfer Agent's offices. All purchase checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks, or any conditional order or payment.

Purchase by Wire. If you are making your first investment in the Fund, the Transfer Agent must have a completed Account Application before you wire funds. You can mail or use an overnight service to deliver your Account Application to the Transfer Agent at the above address. Upon receipt of your completed Account Application, the Transfer Agent will establish an account for you. Once your account has been established, you may instruct your bank to send the wire. Prior to sending the wire, please call the Transfer Agent at 1-855-369-6220 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the name of the Fund(s), your name and your account number so that your wire can be correctly applied. Your bank should transmit immediately available funds by wire to:

Wire to:	U.S. Bank N.A.
ABA Number:	075000022
Credit:	U.S. Bancorp Fund Services, LLC
Account:	112-952-137
Further Credit:	Port Street Quality Growth Fund [Shareholder Name/Account Registration] [Shareholder Account Number]

Wired funds must be received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time) to be eligible for same day pricing. The Fund and U.S. Bank N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

Investing by Telephone. You may not make initial purchases of Fund shares by telephone. If you accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund and your account has been open for at least 7 business days, you may purchase additional shares by telephoning the Fund toll free at 1-855-369-6220. This option allows investors to move money from their bank account to their Fund account upon request. Only bank accounts held at domestic financial institutions that are Automated Clearing House ("ACH") members may be used for telephone transactions. The minimum telephone purchase amount for additional purchases is \$100. If your order is received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time), shares will be purchased in your account at the NAV determined on the day your order is placed. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communications or transmission outages or failure. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time).

Subsequent Investments. Subject to the minimum subsequent investment amount described above, you may add to your account at any time by purchasing shares by mail, telephone or wire. You must call to

notify the Fund at 1-855-369-6220 before wiring. All subsequent purchase requests must include the Fund name, your name, address and your shareholder account number.

Automatic Investment Plan. For your convenience, the Fund offers an Automatic Investment Plan (“AIP”). Under the AIP, after your initial investment, you may authorize the Fund to automatically withdraw any amount of at least \$100 for Fund that you wish to invest in the Fund, on a monthly or quarterly basis, from your personal checking or savings account. In order to participate in the AIP, your bank must be a member of the ACH network. If you wish to enroll in the AIP, complete the appropriate section in the Account Application. The Fund may terminate or modify this privilege at any time. You may terminate your participation in the AIP at any time by notifying the Transfer Agent five days prior to the next scheduled investment. A fee will be charged if your bank does not honor the AIP draft for any reason.

Anti-Money Laundering Program. The Trust has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”) and related anti-money laundering laws and regulations. To ensure compliance with these laws, the Account Application asks for, among other things, the following information for all “customers” seeking to open an “account” (as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- Full name;
- Date of birth (individuals only);
- Social Security or taxpayer identification number; and
- Permanent street address (a P.O. Box number alone is not acceptable).

In compliance with the USA PATRIOT Act and other applicable anti-money laundering laws and regulations, the Transfer Agent will verify the information on your Account Application as part of the Program. As requested on the Account Application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P. O. Box will not be accepted. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to the true identity of a customer. If you require additional assistance when completing your application, please contact the Transfer Agent at 1-855-369-6220.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

How to Redeem Fund Shares

In general, orders to sell or “redeem” shares may be placed directly with the Fund or through a financial intermediary. You may redeem all or part of your investment in the Fund’s shares on any business day that the Fund calculates its NAV.

However, if you originally purchased your shares through a financial intermediary, your redemption order must be placed with the same financial intermediary in accordance with their established procedures. Your financial intermediary is responsible for sending your order to the Transfer Agent and for crediting

your account with the proceeds. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining an account with it.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA or other retirement plan accounts may be redeemed by telephone at 1-855-369-6220. Investors will be asked whether or not to withhold taxes from any distribution.

Payment of Redemption Proceeds. You may redeem your Fund shares at the NAV per share next determined after the Transfer Agent or an Authorized Intermediary receives your redemption request in good order. Your redemption request cannot be processed on days the NYSE is closed. All requests received by the Fund in good order after the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern Time) will usually be processed on the next business day. Under normal circumstances, the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. The Fund may also choose to sell portfolio assets for the purpose of meeting such requests. The Fund further reserves the right to distribute “in-kind” securities from the Fund’s portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions. Redemptions-in-kind are discussed in greater detail below.

A redemption request will be deemed in “good order” if it includes:

- The shareholder’s name;
- The name of the Fund to be redeemed;
- The account number;
- The share or dollar amount to be redeemed; and
- Signatures by all shareholders on the account and signature guarantee(s), if applicable.

Additional documents are required for certain types of redemptions, such as redemptions from accounts held by credit unions, corporations, limited liability companies or partnerships, or from accounts with executors, trustees, administrators or guardians. Please contact the Transfer Agent to confirm the requirements applicable to your specific redemption request. Redemption requests that do not have the required documentation will be rejected.

While redemption proceeds may be paid by check sent to the address of record, the Fund is not responsible for interest lost on such amounts due to lost or misdirected mail. Redemption proceeds may be wired to your pre-established bank account or proceeds may be sent via electronic funds transfer through the ACH network using the bank instructions previously established for your account. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire or ACH transfer. Wires are subject to a \$15 fee. There is no charge to have proceeds sent via ACH; however, funds are typically credited to your bank within two to three days after redemption. Except as set forth below, proceeds will be paid within seven calendar days after the Fund receives your redemption request. Under unusual circumstances, the Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law.

Please note that if the Transfer Agent has not yet collected payment for the shares you are redeeming, it may delay sending the proceeds until the payment is collected, which may take up to 12 calendar days

from the purchase date. This delay will not apply if you purchased your shares via wire payment. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of its securities is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (3) for such other periods as the SEC may by order permit for the protection of shareholders. Your ability to redeem shares by telephone will be restricted for 15 calendar days after you change your address. You may change your address at any time by telephone or written request, addressed to the Transfer Agent. Confirmations of an address change will be sent to both your old and new address.

Signature Guarantee. Redemption proceeds will be sent to the address of record. The Transfer Agent may require a signature guarantee for certain redemption requests. A signature guarantee assures that your signature is genuine and protects you from unauthorized account redemptions. Signature guarantees can be obtained from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”), *but not from a notary public*. A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required of each owner in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days;
- For all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying the ability to purchase and redeem Fund shares by telephone and certain other services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee or other acceptable signature verification in other instances based on the circumstances relative to the particular situation.

Redemption by Mail. You may execute most redemptions by furnishing an unconditional written request to the Fund to redeem your shares at the next calculated NAV per share upon receipt by the Fund of such request. Written redemption requests should be sent to the Transfer Agent at:

Regular Mail

Port Street Quality Growth Fund
c/o U.S. Bank Global Fund Services
P.O. Box 219252
Kansas City, MO 64121-9252

Overnight or Express Mail

Port Street Quality Growth Fund
c/o U.S. Bank Global Fund Services
801 Pennsylvania Ave, Suite 219252
Kansas City, MO 64105-1307

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Wire Redemption. Wire transfers may be arranged to redeem shares. However, the Transfer Agent charges a fee, currently \$15, per wire redemption against your account on dollar specific trades, and from proceeds on complete redemptions and share-specific trades.

Telephone Redemption. If you accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund, you may redeem shares, in amounts of \$100,000 or less, by instructing the Fund by telephone at 1-855-369-6220. Investors in an IRA or other retirement plan will be asked whether or not to withhold federal income tax.

In order to qualify for, or to change, telephone redemption privileges on an existing account, a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source may be required of all shareholders in order to qualify for or to change telephone redemption privileges on an existing account. Telephone redemptions will not be made if you have notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communication or transmission outages or failures.

Note: Neither the Fund nor any of its service providers will be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the Fund will use reasonable procedures, such as requesting that you correctly state:

- Your Fund account number;
- The name in which your account is registered; and/or
- The Social Security or taxpayer identification number under which the account is registered.

If an account has more than one owner or person authorized to perform transactions, the Fund will accept telephone instructions from any one owner or authorized person.

Systematic Withdrawal Program. The Fund offers a systematic withdrawal plan ("SWP") whereby shareholders or their representatives may request a redemption in a specific dollar amount of at least \$100 be sent to them each month, calendar quarter or annually. Investors may choose to have a check sent to the address of record, or proceeds may be sent to a pre-designated bank account via the ACH network. To start this program, your account must have Fund shares with a value of at least \$10,000. This program may be terminated or modified by the Fund at any time. Any request to change or terminate your SWP should be communicated in writing or by telephone to the Transfer Agent no later than five days before the next scheduled withdrawal. A withdrawal under the SWP involves redemption of Fund shares, and may result in a gain or loss for federal income tax purposes. In addition, if the amount requested to be withdrawn exceeds the amount available in your account, which includes any dividends credited to your account, the account will be depleted. To establish the SWP, complete the SWP section of the Account Application. Please call 1-855-369-6220 for additional information regarding the SWP.

The Fund's Right to Redeem an Account. The Fund reserves the right to redeem the shares of any shareholder whose account balance is less than \$2,000, other than as a result of a decline in the NAV of the Fund. The Fund will provide a shareholder with written notice 30 days prior to redeeming the shareholder's account.

Redemption-in-Kind. The Fund generally pays redemption proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund's remaining shareholders), the Fund may pay all or part of a shareholder's redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind).

Specifically, if the amount you are redeeming from the Fund during any 90-day period is in excess of the lesser of \$250,000 or 1% of the Fund's net assets, valued at the beginning of such period, the Fund has the right to redeem your shares by giving you the amount that exceeds this threshold in securities instead of cash. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash, and you may incur a taxable capital gain or loss as a result of the distribution. In addition, you will bear any market risks associated with such securities until they are converted into cash.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

Dividends and Distributions

The Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically during the month of December. The Fund may make additional distributions if deemed to be desirable at other times during the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive distributions of net capital gains in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; or (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash.

If you wish to change your distribution option, write or call the Transfer Agent at 1-855-369-6220 in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more calendar days after the Transfer Agent has received your request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV per share and to reinvest all subsequent distributions.

Tools to Combat Frequent Transactions

The Fund is intended for long-term investors. Short-term "market-timers" who engage in frequent purchases and redemptions may disrupt the Fund's investment program and create additional transaction costs that are borne by all of the Fund's shareholders. The Board has adopted policies and procedures that are designed to discourage excessive, short-term trading and other abusive trading practices that may

disrupt portfolio management strategies and harm performance. The Fund takes additional steps to reduce the frequency and effect of these activities in the Fund. These steps include, among other things, monitoring trading activity and using fair value pricing. Although these efforts are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity will occur. The Fund implements these tools to the best of its ability and in a manner that it believes is consistent with shareholder interests. Except as noted herein, the Fund applies all restrictions uniformly in all applicable cases.

Monitoring Trading Practices. The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of its shareholders. The Fund uses a variety of techniques to monitor for and detect abusive trading practices. These techniques may change from time to time as determined by the Fund in its sole discretion. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order (but not a redemption request), in whole or in part, for any reason and without prior notice. The Fund may decide to restrict purchase and sale activity in its shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect Fund performance.

Fair Value Pricing. The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board has developed procedures that utilize fair value pricing when reliable market quotations are not readily available or when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share. More detailed information regarding fair value pricing can be found in this Prospectus under the heading entitled "Pricing of Fund Shares."

Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handle, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In particular, since the Fund receives purchase and sale orders through Authorized Intermediaries that use group or omnibus accounts, the Fund cannot always detect frequent trading. However, the Fund will work with Authorized Intermediaries as necessary to discourage shareholders from engaging in abusive trading practices and to impose restrictions on excessive trades. In this regard, the Fund has entered into information sharing agreements with Authorized Intermediaries pursuant to which these intermediaries are required to provide to the Fund, at the Fund's request, certain information relating to their customers investing in the Fund through non-disclosed or omnibus accounts. The Fund will use this information to attempt to identify abusive trading practices. Authorized Intermediaries are contractually required to follow any instructions from the Fund to restrict or prohibit future purchases from shareholders that are found to have engaged in abusive trading in violation of the Fund's policies. However, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and cannot ensure that it will always be able to detect abusive trading practices that occur through non-disclosed and omnibus accounts. As a result, the Fund's ability to monitor and discourage abusive trading practices in non-disclosed and omnibus accounts may be limited.

Tax Consequences

Distributions of the Fund's net investment company taxable income (which includes, but is not limited to, interest, dividends, net short-term capital gains and net gains from foreign currency transactions), if any, are generally taxable to the Fund's shareholders as ordinary income. To the extent that the Fund's distributions of net investment company taxable income are designated as attributable to "qualified dividend" income, such income may be subject to tax at the reduced rate of federal income tax applicable to non-corporate shareholders for net long-term capital gains, if certain holding period requirements have been satisfied by the shareholder. To the extent that the Fund's distributions of net investment company taxable income are attributable to net short-term capital gains, such distributions will be treated as ordinary dividend income for the purposes of income tax reporting and will not be available to offset a shareholder's capital losses from other investments.

Distributions of net capital gains (net long-term capital gains less net short-term capital losses) are generally taxable as long-term capital gains (currently at a maximum rate of 20% for individual shareholders in the highest income tax bracket) regardless of the length of time that a shareholder has owned Fund shares, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA. Distributions by the Fund that are not paid from its earnings and profits will be treated as a return of capital, which is applied against and will reduce the adjusted tax basis of your shares (but not below zero) and, after such adjusted tax basis is reduced to zero, be treated as a gain from the sale or exchange of shares.

A 3.8% Medicare tax on net investment income (including capital gains and dividends) will also be imposed on individuals, estates and trusts, subject to certain income thresholds.

You will be taxed in the same manner whether you receive your distributions (whether of net investment company taxable income or net capital gains) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or December to shareholders of record on a date in such a month and paid the following January are taxable as if received on December 31.

Shareholders who sell, or redeem, shares generally will have a capital gain or loss from the sale or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount of reinvested taxable distributions, if any, the amount received from the sale or redemption and how long the shares were held by a shareholder. Any loss arising from the sale or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any amounts treated as distributions of net capital gain received on such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options, short sales or similar transactions is not counted. If you purchase Fund shares within 30 days before or after redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the newly purchased shares.

Shareholders will be advised annually as to the federal tax status of all distributions made by the Fund for the preceding year. Distributions by the Fund and gains from the sale of Fund shares may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section assumes you are a U.S. shareholder and is not intended to be a full discussion of federal tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax advisor.

Other Fund Policies

Telephone Transactions. If you accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund, you may be responsible for fraudulent telephone orders made to your account as long as the Fund have taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m. Eastern Time).

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Fund by telephone, you may also mail the requests to the Fund at the address listed previously in the “How to Purchase Fund Shares” section.

Telephone trades must be received by or prior to the close of the NYSE (generally 4:00 p.m., Eastern Time). Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to the close of the NYSE.

Policies of Other Financial Intermediaries. Financial intermediaries may establish policies that differ from those of the Fund. For example, the institution may charge transaction fees, set higher minimum investments or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Please contact your financial intermediary for details.

Closing the Fund. The Board retains the right to close (or partially close) the Fund to new purchases if it is determined to be in the best interest of the Fund’s shareholders. Based on market and Fund conditions, and in consultation with the Adviser, the Board may decide to close the Fund to new investors, all investors or certain classes of investors (such as fund supermarkets) at any time. If the Fund is closed to new purchases, it will continue to honor redemption requests, unless the right to redeem shares has been temporarily suspended as permitted by federal law.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and certain other shareholder documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at 1-855-369-6220 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies 30 days after receiving your request. This Householding policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintains a correct address for each shareholder. An incorrect address may cause a shareholder’s account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder’s account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the “inactivity period” specified in your state’s

abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 1-855-369-6220 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

Distribution of Fund Shares

The Distributor

Quasar Distributors, LLC (the "Distributor"), a wholly owned subsidiary of Foreside Financial Group, LLC (dba ACA Group), is located at 190 Middle Street, Suite 301, Portland, Maine 04101, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

Shareholder Servicing Plan Fees

The Trust has adopted a Shareholder Servicing Plan under which the Fund may pay a fee of up to 0.10% of the average daily net assets of the Institutional Class shares for services provided to the Fund by financial institutions, including the Adviser or its affiliates.

Because the shareholder service fee is paid on an ongoing basis, your investment cost over time may be higher than paying other types of sales charges.

Payments to Financial Intermediaries

The Fund may pay service fees to intermediaries, such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Adviser and Sub-Adviser, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Adviser and/or Sub-Adviser, out of its own resources and without additional cost to the Fund or its shareholders, may provide additional cash payments to intermediaries who sell shares of the Fund. These payments and compensation are in addition to service fees paid by the Fund, if any. Payments are generally made to intermediaries that provide shareholder servicing, marketing support or access to sales meetings, sales representatives and management representatives of the intermediary. Payments may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. Compensation may be paid as an expense reimbursement in cases in which the intermediary provides shareholder services to the Fund. The Adviser and/or Sub-Adviser may also

pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

Financial Highlights

The financial highlights in the following table are intended to help you understand the Fund's financial performance for the fiscal years indicated. Certain information reflects financial results for a single Fund share. The total return in the table represents the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the annual report, which is available upon request or on the Fund's website at <https://portstreetinvest.com>.

Port Street Quality Growth Fund
Institutional Class

	Year Ended March 31,				
	2026	2025	2024	2023	2022
PER SHARE DATA:					
Net asset value, beginning of year	\$17.06	\$16.96	\$15.80	\$16.61	\$15.76
INVESTMENT OPERATIONS:					
Net investment income ^(a)	0.26	0.26	0.29	0.13	0.00 ^(b)
Net realized and unrealized gain (loss) on investments ^(c)	1.18	0.41	1.50	(0.59)	1.18
Total from investment operations	1.44	0.67	1.79	(0.46)	1.18
Net investment income	(0.29)	(0.31)	(0.26)	(0.07)	0.00 ^(b)
Net realized gains	(2.22)	(0.26)	(0.37)	(0.28)	(0.33)
Total distributions	(2.51)	(0.57)	(0.63)	(0.35)	(0.33)
Net asset value, end of year	\$15.99	\$17.06	\$16.96	\$15.80	\$16.61
Total return	7.83%	3.85%	11.50%	-2.67%	7.42%

SUPPLEMENTAL DATA AND RATIOS:

Net assets, end of year (in thousands)	\$164,508	\$185,512	\$226,425	\$203,520	\$209,823
Ratio of expenses to average net assets:					
Before expense reimbursement	1.10%	1.10 %	1.09%	1.09%	1.09%
After expense reimbursement	0.97%	0.97 %	0.97%	0.97%	0.97%
Ratio of net investment income to average net assets:	1.50%	1.46%	1.75%	0.82%	0.01%
Portfolio turnover rate	9%	7 %	14%	9%	9%

(a) Net investment income per share has been calculated based on average shares outstanding during the years.

(b) Amount represents less than \$0.005 per share.

(c) Realized and unrealized gains and losses per share in the caption are balancing amounts necessary to reconcile the change in net asset value per share for the years and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the years.

PRIVACY NOTICE

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (e.g., information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (e.g., information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment adviser who is an affiliate of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third-party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, credit union or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.

Port Street Quality Growth Fund

Series of Managed Portfolio Series

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's [annual](#) and [semi-annual](#) reports to shareholders and Form N-CSR provide additional information about the Fund's investments. The annual report contains a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's prior fiscal period. In Form N-CSR, you will find the Fund's annual and semi-annual financial statements.

You can obtain a free copy of these documents and the SAI, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at 1-855-369-6220, by visiting the Fund's website at <https://www.portstreetinvest.com> or by writing to:

Port Street Quality Growth Fund
